## EXPERIENCE

### DESIGN STUDIO MANAGER

Aquatic Design & Engineering / May 2011 - Present

As Design Studio Manager I am responsible for designing all concept design work, marketing and promotional material, company branding, and website management tasks. Additional responsibilities include:

- Oversee a team of design coordinators who I am in charge of leading, training, and to whom I delegate responsibilities.
- Managing multiple projects while meeting deadlines, and managing time effectively to keep control over budget.
- Brainstorming creative concepts for projects and visualizing those ideas into conceptual renders.
- Oversee all brand marketing.

### GRAPHIC DESIGNER

Freelancer / May 2007 - Present

Designing various products for individuals and businesses. Examples include Christmas cards, business cards, t-shirt designs, fliers, social media, branding, logos and book covers. Additional responsibilities include:

- Listen attentively to clients to accurately understand what they are looking for
- Experience designing for a wide variety of mediums (print, web, video)
- Generate creative ideas that solves the client's problem
